

After School Adventures at the Riverside Municipal Museum

In and Out of Riverside: Migration and Movement

March 2: Getting There

Learn how some animals use some very unique navigational tools to find their way around. See how magnets and light can be just as good as a compass and map. See if you have what it takes to travel using only a map of smells!

March 9: Stowaways

When people move to a new place, they often bring "stowaways" with them. We'll identify some common plant and animal "stowaways" in Riverside, and even meet a few of them up close!

March 16: Moving In

How long have people lived in Riverside? We'll examine the lives of people who came to Riverside and discover how they lived. Examine Native American artifacts and sample traditional foods from some of Riverside's cultures.

March 23: Just Visiting?

Riverside attracts a lot of tourists, and not all of them are at the Mission Inn! We'll explore animals that travel in and out of Riverside while finding out which animals are frequent visitors and which are just passing through. Play a fun migration game and learn some of the myths and realities of migration.

March 30: Have Seed, Will Travel

How do seeds travel? We'll observe special characteristics that help seeds travel while investigating some rather unusual seed dispersal methods, from hooks to poop! Help us sort seeds and find out how the plants in our garden disperse seeds. See if seeds taste good at our birdseed buffet.

**After School Adventures
are every Wednesday
from 3:00-4:30 p.m.**

After School Adventures are designed for students in grades K-5. All after school programs are free, and no reservations are needed. A new program begins every 30 minutes. A parent must accompany children at all times. Large groups are encouraged to call the Museum at (951) 826-5273 prior to attending After School Adventures. After School Adventures are a great supplement to classroom and homeschool curriculum.
